ADZ Air Duster

ADZ is a non-flammable product designed for the safe removal of dust and airborne contamination from very delicate or inaccessible areas of electrical and electronic equipment. ADZ utilises active carbon technology and is a highly effective alternative to hydrocarbon and HFC based alternatives. ADZ is an entirely eco-friendly, odourless and non-flammable product that delivers a consistent blast of gas with variable control.

- Ideal for removing particulates from inaccessible areas on delicate equipment
- The first active carbon-based air duster development that is safe for both the user and the environment
- Does not contribute to the world's rising CO₂ levels; non-flammable and non-toxic
- Invertible product; can be used at 360

 □ rotation

Typical Properties

Colour	Colourless
Odour	None
Flash Point (°C)	None
GWP (100yr)	1
ODP	0

<u>Description</u>	<u>Packaging</u>	Order Code	Shelf Life
ADZ Airduster	420ml Aerosol	ADZ420D	48 months

Directions for Use

ADZ is an invertible air duster that can be used at any angle
