

## RIEŠENIA PRE AUTOMATIZÁCIU ÚPRAVY POVRCHOU PLAZMOU

<https://www.ulbrich-sk.sk/riesenia-pre-automatizaciu-upravy-povrchou-plazmou>

We offer complete solutions for plasma applications supporting production processes, eg. improvement of adhesion for bonding & sealing, surface cleaning & removal of oxidation.

ULBRICH Automation combines innovative plasma technology with robotic handling, adhesive dispensing, UV curing technology – either as a stand-alone cell or integrated into serial production.
